Recent Customer Feedback

Repairing leaks in the kitchen. 10 / 10

Kurt Manson has completed a significant amount of work in our house over the years, including renewing the bathroom, en suite and kitchen. Replacing all the radiators and the tank in the airing cupboard. he has also returned to carry out repairs. I have always used Kurt Manson because:
1. Completely trustworthy.
2. Highest Standard of work.
3. Friendly and dedicated to doing the best job possible.

On this occasion he came, at short notice, after a dishwasher installation left me with leaking pipes under the sink. He fixed the problem temporarily until he could replace the seals which he did the following day. His charge for the job including two visits was too reasonable.

If you want a good job doing, by a very good tradesman, then you shouldn't go past Kurt Manson.

I required a complete strip out of my old bathroom including removal of tiles. 10 / 10

Kurt gave me a detailed estimate of the job cost and time frame involved. I am delighted with the work carried out by Kurt and Nev which was as estimated, including desposing of all the old tiles and units. I now have a new bathroom with walk in shower, lighting, cladded walls and ceiling, toilet & sink units and new flooring. Thank you.

Exceptional work from this company Kurt Manson and Nev.
Very clean methodical trustworthy workers offering advice when needed and the expertise was evident in all type of work undertaken. The expertise included redesigning certain aspects at short notice and bespoke standard units to my specification. Could not fault this company on price and their standard of workmanship. Highly recommended.
