Recent Customer Feedback

New electric sockets to accomodate multiple technical/computer equipment.

Excellent job.

Staff courteous and polite. Great advocates of apprenticeships and complimentary of their training provider JTL and their company. Cleaned up after they finished and even instinctively took their shoes off at the door. A company I shall be using again.

Tom Barr was very good at advising on what was needed. He didn't try and sell us more than we required and I felt confident that I was getting value for money. Work was carried out by two great lads who completed the job quickly with the minimum of mess. I would recommend this firm.
