Block paving to front path and back yard.

9.8 / 10

We are extremely pleased with the work and the finished result. It makes such a huge difference to the back yard and the front path. We are most grateful for a brilliant job, for the team's professionalism, friendliness, efficiency, and speed of work in the face of bad weather. They truly deserve a glowing report. In addition, they removed an old shed and a very heavy stone from the yard, mended the soil pipe, added drainage to the yard in front of the garage (charging us only for parts, not extra labour), and improved the bathroom / kitchen drain - plus the drain next to the house at one end of the front path.

Block paving driveway.

10 / 10

Very fast and professional service. The drive looks great. Lovely lads, nothing was too much trouble. I would highly recommend 'City Paviours' as I've used them previously. I wouldn't go anywhere else.

New patio.

10 / 10

We wanted a new patio to be created in our garden, not really knowing what was possible. After a consultation at a convenient time for ourselves we were advised on what they thought would work best. After the initial visit to measure up and discuss ideas, it was a very quick process. It was very clear they have been doing this for a long time and know exactly what they are doing. Work was finished to a very high standard and advice was given on how long to wait and such. Great service.
