Fantastic company who came to the rescue, after being let down by another company. I will never use any one else. Professional owner and staff. Up front quote, which reflected final cost and with no surprises. The job was carried out in a timely manner with minimal disruption. Highly recommended.

They rang up the day before to let us know they would be coming the next day. They arrived on time with all equipment needed for the job.<P> They removed the old roof and then fitted the new fibreglass one. They were very professional explained everything they were doing and what they would be doing .<P> They removed all the rubbish and cleaned up any mess that was made. They kept their equipment neat and out of the way (I have a broken leg) very helpful and pleasant people. Very polite.<P>They didn't ask for anything, but we supplied tea and biscuits. They did a very thorough job and checked the main roof for us aswell. They explained there was a couple of tiles to replace and some missing cement in the ridge which we knew about, so while they were up there they did those as well.<P> After the job was done he gave me the invoice, explaining everything that was on there. Even with extras they didn't go over the price they quoted and it's guaranteed for 25 years, so that's great.<P>A very conscientious company,didn't rush the job and explained anything we asked.<P>They have done several jobs for people I know and none have had any problems, so I have no problem recommending them to anyone.

The guys were 2 days on job. Arrived on time each morning. Were both good workers and cheerful. After job completed, cleaned all gutters and left property clean.
