A new side panel fitted, scratches removed and other stuff underneath the wing.

I approached Premier for a quote after a car reversed into mine. The quote was provided when they said it would be. The car was booked in for repair within days and a courtesy car was supplied. At every stage, Neville kept me informed of what was going on and what I needed to do. The car was repaired on time and the car was returned to me after repair, having been cleaned immaculately inside and out. I consider Premier Vehicle Care to be a very professional company who complete work to a very high standard and who do things exactly when they say they will. I would have no hesitation, whatsoever, in recommending this company to anybody who needs the services they provide. Thank you Premier!

I took my Ford Fiesta in for an MOT, wing mirror case attachment, full valet and paintwork touch up.

10 / 10

The job completed by Premier Vehicle Care was very professional, from walking in to get a quote, to dropping my car off on the Tuesday morning, and picking it up on the Thursday after the valet and paintwork touch up the company has been wonderful, and incredibly helpful. They kept me informed every step of the way and the jobs carried out were done to a very high standard and the staff went above and beyond, treating my car as their own. I will definitely use this company again and couldn't recommend them enough.

I was going on holiday the next day and the guys at 'Premier' fitted a bumper bracket for me on the spot for free, despite being very busy.

2nd opinion on aircon problem.

9.8 / 10

I was recommended to contact this company after being told of an unexpected repair I needed on my aircon system. They responded very quickly and fitted me in at a time convenient to me. They kept me fully informed of their findings (even fed me coffee and chocolate while I was waiting!!). They confirmed what I suspected - that no repair was required. They tested and re-gassed my system and so saved me hundreds of pounds that I didn't need to spend.
