Recent Customer Feedback

Had a few minor scratches and a dent at the back of the car that I wanted fixed before selling.

10 / 10

Absolutely brilliant work! They didn't charge anything for their time and work. All I needed to take was the touch up pen from the garage. They removed all the scratches so they're no longer noticeable and reduced the size of the dent, which was not possible to fully remove due to where it was. The car was ready to collect after 2 hours which was great too. Overall a wonderful job and I would definitely go back for any other work that I needed.

They have done an excellent job , my car is only 7 months old so was worried that it would be noticeable but I need not have worried, the car looks just like it did when I bought it 7 months ago, not only that but its gleaming inside too, cannot recommend this place enough

Car repair. Found through Checked and Vetted

10 / 10

Excellent service from my first initial call, after a neighbour hit my car. John advised me from the start and arranged everything from dealing with insurance claim to collecting and returning the car once repaired. Very quick in getting car back, as picked up on Monday and returned Wednesday . Repairs done to a high standard and had been returned washed and vacuumed. Would definitely recommend this company.

Clear and detailed estimate. A pleasant, helpful and efficient staff member (Neville). Very pleased with the way I was treated as a customer and with the quality of the work done. The job came in under the estimate. I would definitely use this company again and recommend to others.
