Block paving to the front and side of our house

9.7 / 10

Kevin did an excellent job on a patio to the rear of the house last year, so we knew that the quality of his work is exceptional. His pricing is competitive and he can be relied on to do a good job on budget. A pleasant, polite and reliable tradesman. I would recommend him to anyone!

Removal of a single drive and walkway along the side of the house. Height of the drive dropped by 2 courses of brickwork to get below damp course and new double drive laid in block paving (approx 7 1/2 metre square) and walkway (approx 1 1/2 x 4 1/2 m)

Really happy with the work carried out as the driveway that had been put in by previous house owners was starting to sink and was also laid above the damp course on the house. Kevin was very professional throughout the job and work was complete to a very high standard. I would use this company again and fully recommend them.

Customer in Stanley, 09-Aug-2017

To replace old block paving with new and to make all sub works good before laying.

10 / 10

Kevin did everything that we asked for and more, to make the job look even better than we had envisaged. His knowledge and experience is enhanced by his work ethic, which was outstanding.
