Replacement and repair of Fascias & Soffits

Shane recently did a job on the roof of my parent's house, and completed it to a very high standard. We had called two other roofers, one didn't bother coming at all, and another didn't want to do the job as he said it was too tricky. It wasn't a problem for Shane and his team. They turned up on time and didn't stop working until the job was done. I would recommend him to anyone and will definitely use his services again in future.
