This was a difficult job as this is a 1930's bungalow. It was done very well by the tradesmen and an excellent job was obtained.

Everyone connected to the company turned up when they said they would. There was no nonsense when we chose the type of door, like over inflated prices or pushy salesmen instead safe seal were professional in all areas. The workman who arrived today were polite and efficient, the job was completed in a couple of hours and they even tidied up well done its hard to find good honest tradesmen, I will definitely recommend safe seal
