### Recent Customer Feedback

**New double glazed, high quality roof, windows and doors fitted to an old conservatory. Dan was able to use the original brick base and floor. 10 / 10**

Dan and his team were superb. They always Arrived on time and managed to do the job in three and a half days despite appalling weather, There was minimum disruption and the lads cleaned up every day. We are delighted with the job and would not hesitate to use this company again. We can definitely recommend Dan and his team.

Hired Daniel from the Checked and Vetted website.

**Three story house with a conservatory. He took away the conservatory, knocked through the kitchen exterior window to make it a walkway into a new extension and converted the utility at the back of the garage into a utility/bathroom. 10 / 10**

Pros-

Predicted 6-7 weeks but it took a little longer because of weather. Still, a huge new extension in a couple of months is impressive.

Communicated on extras (which you always have) so there were no big nasty surprises.

The quality of woodwork is above and beyond my expectations.

The little suggestions on what would look good/better were helpful and right.

Altogether the job went well, it looks better than I thought it would, and I am happy with the quote and end price.

Cons-

None really.

**Knocking through wall to put in set a double French doors, blocking up old doorway, fitting skirting boards and coving. 10 / 10**

Dan and his team did an excellent job. We had a few delivery issues with our doors which meant we needed to pause the project in the middle, but Dan was really flexible and helpful throughout the process.

We're delighted with the finished result and would wholeheartedly recommend Shaw Home Improvements. We certainly intend to use Dan's services again in the future.
