Recent Customer Feedback

We had luxury vinyl flooring laid to 4 rooms in our house. Lounge, dining room, master bedroom and daughters bedroom. 10 / 10

We are so happy with the flooring we have had put down. Initially when we met Paul he brought samples and brochures around. Gave us excellent advice regarding choices. He took measurements and gave us 3 price options to choose from depending upon the brand. We made an appointment to suit us the following week. When the work was being carried out Paul and his colleague were incredibly professional and they are obviously very talented. The job was carried out efficiently and the standard is excellent. Absolutely faultless workmanship. It also felt like minimum disruption. We are looking forward to booking more work in to finish off the rest of the house. We are so pleased we discovered 'Think Flooring' as the personal service was very much appreciated after previously wandering aimlessly around the mainstream flooring outlets.
