Recent Customer Feedback

New soffits, fascias and gutters.

Would recommend without hesitation! John turned up on time to give the initial estimate. He instilled confidence from the start and fully explained how the work would be done and promptly sent an estimate through. On the day of fitting, John and his team turned up and were all very polite and worked non stop, not even the snow stopped them. Real care was taken of my property and they produced an excellent end result. All work done within agreed time scale and at price quoted. Really decent guys, doing an excellent job at a very fair price. Would recommend and would certainly use again.

Windows and doors fitted

WarmCosy fitted my windows and composite doors recently, the lads turned up on time when they said they would much to my relief as I had been dropped in it by 2 previous companies I accepted the quotation which was very reasonable and work commenced within 3 weeks, John and his team done a brilliant job and left everything as they found it, I couldn't be happier with the quality of the work and have no trouble recommending them to friends and family 5*
