Providing and fixing picture hooks on newly plastered and painted walls, putting up curtain rail.

Kevin has in the past few months stripped the wallpaper prior to the walls being plastered and then decorated my brother's house to a very high standard. My brother is over the moon with Kevin's work putting up the picture hooks for him and hanging his pictures etc. as is the rest of the family.

The job was completed to a very high standard. At the end of each working day the house was left clean and tidy. This was extremely important to my disabled brother - that there were no trip hazards. Kevin is friendly and professional and as a family we were really pleased with the completed job. Excellent communication throughout.

Having had jobs done in the past, Kevin once again completed the work to a very high standard and giving advice where necessary. Very clean and tidy and he is so friendly, even when I asked for extra little jobs to be done it was no problem at all. Excellent communication from him also.

Kevin did an excellent job. He is very professional and friendly. The job was for my brother although I organised it for him. We were very pleased with the completed job. He left everything clean and tidy when he left. Excellent prompt communication when we asked for advice on what the best option would be to prepare the stripped walls before emulsifying. We would definitely use Kevin again.
