Recent Customer Feedback

We need our entire pitched roof reinstalled.

10 / 10

Barry is a total professional and his communication has been outstanding.

We needed our entire pitched roof redone so what could've been an overwhelming process, turned into a smooth one which was all down to Barry and his team talking my partner and I through the whole process and checked in throughout to keep us well informed throughout.

The whole team were amazing and have made an incredible job of the roof they were so thorough and really took pride in their work.

I've even had neighbours ask who did our roof so they could get theirs done too.

I couldn't recommend BH Roofing enough!

Replacement of 2 felt flat roofs with fibreglass roofing system. Also replaced wooden cladding to 2 external walls.

10 / 10

Barry and his team came to us to fit two fibreglass roofs and replace some timber cladding. Their work was first rate and their approach very professional as well as friendly. Left site tidy at the end of each day. Job completed promptly despite being done to a very high standard with no corners cut. Would happily recommend Barry for any roofing work and will certainly use him again should the need arise.

Dry Verge System.

10 / 10

I noticed cement falling out from under the roof tiles and contacted Barry who came out promptly and after discussing options, I chose to have this done. Job done with no fuss, tidy, old cement taken away and a neat looking result. Very happy.
