New Conservatory — 10 / 10

We are really pleased with our new conservatory, from start to finish all the team involved in the building work were excellent, they arrived when they said they would. let us know when the different trades involved would be turning up to do their bit. special mention to Russell, Jamie and Lee for their efforts in the building of our new conservatory.

Replacement of our conservatory roof with Tiled Superlight roof system. — 10 / 10

This week, Cleveland Conservatories replaced our 22-year-old Edwardian Conservatory roof with a Supalite roof system, and we are incredibly happy with the transition which has given the conservatory a much more aesthetic and modern appearance. The work including the plastering and the installation of downlighting was completed in just two and a half days.
The whole team were very highly skilled, hardworking and were clearly very proud of their workmanship from the initial dismantling stage to the final finishing processes. They interacted with us at all stages to make sure that we were happy with the process.
Before leaving, they adjusted the doors and windows where required to make sure everything was as good as new and even washed the windows to remove any dust.
We have always used our conservatory a lot at all times of year but just felt that it needed updating. We are very much looking forward to enjoying the space even more, particularly in the darker and colder months.
Thanks to the whole team for a super job and your very courteous interaction with us.
