Recent Customer Feedback

Our boiler broke down. Rang Dynamic heating. (haven't used them before.) They were recommended to us. Came out in the afternoon, saw the problem , fixed it. Then they did an overall check. Noticed that outside Flue was badly rusted! Replaced that. **10 / 10**

We were so pleased with Martin and his team. Very polite, professional, and we will definitely recommend and use them again. Thank you.

New central heating, boiler relocation, install all pipework for new radiators. Re route hot and cold feeds. New feeds to bathroom. Re-route gas feed to new boiler location. Basically it's a full house renovation and everything needed upgrading. **10 / 10**

Martin and Owen were an absolute pleasure to have in my home. They were on time, thorough, immaculately clean, and the standard of work is absolutely superb. I look forward to having them back to install the radiators when the time comes. 10 isn't sufficient. Keep it up lads.

Martin and his team were amazing! He was able to help us out at short notice and make sure we had a new boiler and heating sorted for our 10 month old daughter during the cold winter months. We are very impressed and pleased with his work. **10 / 10**

The hot water part of the boiler went off at the end of last week. I rang Martin as I'd used him before for various things (the week before he had fitted a bathroom basin tap) and he came out to assess what was happening. **10 / 10**

He's a very busy man but he will always try to get to you asap if the work is needed, Very satisfied with his work and highly recommend.
