New flat roof needed — 10 / 10

I had a mysterious leak which I started to panic about and Michael came out next day to give me a quote. I'm a very anxious person and we needed a lot of work done. Michael was really up front, easy to get along with, understanding and answered every question we had, following up with a detailed break down of the work, costs involved and materials just the next day after coming out to see what the issue was. The work was done over a week and I was very happy with the result. Michael is super dedicated and is able to follow up if it's needed! Fantastic!

Great reliable and trustworthy roofer

Required repair to leaking flat roof — 10 / 10

Needed repair to window seal on flat roof. Michael provided video so we could see the problem and photos of the work carried out. All excellent and timely before it started to rain again.
