After previously been let down by 2 separate gas fitters 2 weeks apart Found the number for GD Plumbing and Heating spoke with gavin and arranged for work at my dad's home to be done within 24 hours, turned up at specified time very professional, went above and beyond to complete the job. I would highly recommend and will use in future if needed

Replace Power Shower and replace a pair of sink taps

Gavin called us very soon after we contacted him through Checked and Vetted. We organised a visit so that he could survey the job. He came back to us after the weekend and completed the job inside a week. This was an excellent turnaround and just what we needed. Very impressed with the work and professionalism shown by Gavin throughout. This is what all tradesmen should be like, we would highly recommend him to anyone who needs a good job doing at a fair price.
