Excellent roofing job from start to finish. Arrived on time, explained everything clearly, and completed the work to a very high standard. The roof looks great and the site was left clean and tidy. Would highly recommend.

**Strip and recover roof in man made slate of our terraced house.
Including scaffold and waste disposal.** 9.8 / 10
Although weather conditions etc made starting the job slightly delayed the scaffolding arrived when Keith said it would and he was able to start only a couple of days later
Keith and his 2 co workers were very polite and arrived on time . They kept us informed of progress each day. They finished on time and the roof looks great.
Keith was especially understanding with our neighbours as ours is a terraced house.
Some of the tiles on one of our neighbours house slipped as their roof is in very poor repair
Keith fixed the slipped tiles for them.

The scaffolding was removed in a Very timely manor and the waste removed such that you would not have known he had been.
It's a Great job and we are Very pleased with the look and functioning of our new roof.
