Removal of large Leylandii from rear garden.

10 / 10

Michael and his crew came today to remove a large leylandii tree from our rear garden where the roots were starting to grow towards the house. Totally professional and efficient they removed the tree with no fuss and cleared away everything to such an extent that you would never have known that there was a tree there in the first place apart from a stump cut off really close to the ground. Absolutely superb job and therefore highly recommended.

Removed four trees.

10 / 10

Had Michael and his team taking some trees out for me. Nice bunch of lads who make you feel comfortable. Which is a good thing these days. Any way did a great job and left the place tidy. Neighbours also happy. Thank you. Dave

Tree & Hedge Pruning

10 / 10

Excellent service from the first contact through to completion of the work. We wanted some large trees removing in our garden and a tidy up of another big conifer.

The price was very reasonable and the service provided by Michael and his team was superb. They did exactly as they quoted plus even clearer some extra areas to make it look better.

Really friendly, professional and we were really impressed. Highly recommend and will definitely use them again for any more tree work we need doing.
