Gary did a great job fitting new internal doors to my home so when we experienced flooding in my workplace I had no hesitation in contacting him to complete the repairs.

Gary did a great job fitting new internal doors to my home so when we experienced flooding in my workplace I had no hesitation in contacting him to complete the repairs. He fitted new units, worktops and skirting boards in our optical practice . His work is to an excellent standard and he fitted in around the business meaning we could remain open throughout. He is a very neat and tidy worker who cleaned up as he worked. He kindly repaired a tap and took care to create holes for our computer wiring. I would highly recommend him.
