Recent Customer Feedback

We needed the Sky Satellite converting to normal freeview satellite. Nathan completed the necessary work on the satellite then performed a heath check on the TV to check all was aligned and as requested. 10 / 10

Nathan was able to come and quote the work needed and then carry it out later the next day. We had another quote and it was double the price and the tradesmen were not as professional as Nathan. Even wears protectors over his shoes in the house. We would highly recommend his services.
