Recent Customer Feedback

I've been having issues with the socket outlets in my house and asked Nick to replace 5 socket outlets. 10 / 10

Very happy with the overall job, he found an issue with the current installation using 1.5mm cables which I'm very grateful for as that could have some serious consequences if it wasn't found.

Customer in Newcastle upon Tyne, 16-Oct-2026

I live in retirement housing, so it's important to feel comfortable with tradesmen. Nick is a nice genuine person. He texted me before coming to make sure all was well, and turned up promptly. He worked quickly and efficiently and tidied up after himself. 10 / 10

An excellent job on my lights and providing a certificate of electrical compliance.

Customer in Whitley Bay, 29-Apr-2026

Needed a new bathroom cabinet and ring camera fitted. Also upgraded the consumer unit. 10 / 10

Very professional service. Came in on price. Would highly recommend Nick. Love supporting north east trades men and women.

Customer in Wallsend, 24-Apr-2026

Full rewire of 3 bed house. Moving light fittings, installing spotlights, outside lights and wiring for new kitchen. 10 / 10

Nick couldn't have been any more impressive. Gave a number of options for moving forward including cheaper fixes so in no way just trying to make money.

Explained everything he was doing and completed earlier than expected. Genuinely great guy and would highly recommend.

Customer in Wallsend, 15-Apr-2026

There was a number of jobs inside and outside our house that require attention. Because of the amount of work which was being carried out all around the house we expected a lot of mess. 10 / 10

The work was carried out skilfully and cleanly we were very pleased with the results.

Some time later we had a flashing on some of the spot lights that were fitted. Nick came and changed them free of charge.
