Beech Hedge Height Reduction and Trim 10 / 10

Prompt provision of quote. Work schedule, Dan and Team arrived promptly upon the agreed date and time. Professional and polite team. All work completed has agreed to an excellent standard, all waste cleared and removed. Excellent Job - would use again.
Customer in Newcastle Upon Tyne, 24-Jul-2026

The team removed a conifer hedge, ground the stumps and then trimmed a second hedge which bordered a neighbour's property. They removed all resulting chippings, leaves and the garden looks more spacious and cared for and I can now paint the railings and s 10 / 10

The team demonstrated outstanding professionalism and reliability and were very respectful of my property and the properties of neighbours which border both sides of the hedges. They took great care in their work and I can see the hedge will benefit from more light and grow more healthily. I will recommend this company to my colleagues and book them again in October to carry out further work. A truly exampliary company.

Reduction in height of massively overgrown trees and major reduction in height and width of large massively overgrown beech and fir hedges surrounding large rear garden.
Removal of fir trees , stump grinding and hedge cutting to front of property. 10 / 10

Incredibly impressed with this company and all of its staff. It was a major job as due to age, the owner had left the garden unattended for many years. Communication was excellent, the work explained and price agreed and the job carried out as described. The work took several days and was carried out efficiently effectively professionally and with good humour. I can recommend them unconditionally.

Remove a hedge. Grind out stumps & put up a fence. 10 / 10

I am really pleased with the finished job. Two nice lads arrived on time & got on with the work. They tidied up as they went along. They checked up with me that the fence was as I wanted it.

New timber garden fence 10 / 10

The quote was prompt and the job came in on price. We agreed a date for the work easily and the guys on the job were lovely, polite, careful and built a great fence. They saved most of the stuff in our borders when we had been warned we may need to lose a few large shrubs. They worked through the rain!
