Recent Customer Feedback

Replacement french doors 10 / 10

Excellent communication via emails; questions answered well during initial visit; very competitive quote; job completed quickly and efficiently on the day;
very pleased with result.
We found it very refreshing that there was no "hard sell" involved, the company obviously using reputation and reviews.

Issue with door not hanging correctly, told by previous tradesman it would need a new door. 10 / 10

Fantastic - came out within 24 hours, was really polite, fixed the issue, and even cleaned the door which now looks brand new. My mam was absolutely thrilled and would highly recommend!
Customer in Tyne and Wear, 30-Oct-2026

Contacted SafeSeal to request some information for a repair needed to a composite door they had supplied and fitted over 10 years ago. They offered to check the door and arranged to visit the following week. 10 / 10

SafeSeal completed the repair, making the door look new. There was no charge despite the door being out of warranty. Fantastic after service.
