Annual boiler service

10 / 10

Gave Scott a ring this morning and he has been and done the annual boiler service. Found out the guy who did last years didn't even do a full service which I had paid for. First class job and will definitely be contacting again next year. I've even shared his number with family as well impressed thank you

Fitting new Combi boiler and upgrade/ replacement of an existing radiator.

10 / 10

Scott responded very quickly to our call out request after our boiler was deemed unsafe. He made a special effort to alter his schedule, as we were enduring a spell of cold, inclement weather. The team were efficient, conscientious and highly professional. Mess was kept to a minimum and Scott organised the collection of the old boiler and parts belonging to it. I can highly recommend Scotro and will be using them in the future.
