Recent Customer Feedback

Facia and Soffit replacement, installation of dry ridges and verge end caps **9.5 / 10**

Thomas arrived when he said he would both for a survey and estimate of the work and starting the work. He gave good explanations to any queries I had and carried out the work efficiently and in a tidy manner. We were very happy with the finished job and would have no hesitation in recommending him and his firm for any similar work.He is a very nice person to deal with, nothing was too much trouble

New guttering and fascias **10 / 10**

TC Home Improvements were professional from start to finish. They started on time, and were very quick but very thorough in their work. They are very competitive, price wise, and I would not hesitate recommending them for any exterior housework. A special shout out to Thomas, who couldn't do enough, and was always there for any questions or assistance.
