Chris and his team were thoroughly professional during the entire works offering advice and assistance as we went along . All of the work carried out was to a very high standard . They were always prompt, polite and professional when working with us and accommodated our needs and time schedules. Any snagging issues were resolved quickly and more importantly the job came in on budget. Would highly recommend this company to carry out refurbishment work in the home.

Fantastic work overall.<P>The whole project was managed by Chris throughout. We had several meetings to discuss the requirements of the full refurb and Chris understood and ensured that I was kept updated on progress throughout the entire refurb.<P>The quality of the work is excellent and was completed to a high standard, with very few time delays.<P>Chris was always on hand to discuss additional work and made sure the ideas we had for the property came to life.<P>I would highly recommend 'TK Builders' for all types of internal building work and will definitely use the firm again!

Bathroom fitted and flat painted all over.

Chris was very pleasant to deal with and he was forthcoming with the quotes.<P>He told me straight away when they would be able to start the work and has kept within the timelines. Which, for me, was crucial.<P>What I liked most is that they were able to come up with a solution,which other building companies struggled with. <P>Communication was easy for me too, as I was not present at the site and only saw the work when it was completed.<P>Chris was happy to send me images while the work was being done.<P>Overall, I would recommend 'TK Builders' and will work with them again.
