Lift up old double drive at the front, remove decking area at the rear and lift another patio at the rear.

10 / 10

Replaced all areas with block paving - 3 separate areas in total.

I was very well advised on what would look good in terms of design. We could not be happier with the outcome.

This was quite a big job however the team arrived and soon cracked on. It only took Tyneside Paving 3 working days to complete.

I have absolutely no issue in recommending this company. An honest price, courteous workers and very keen eye for detail. A job very well done.

Guys were on time, worked tirelessly and perfectly. Did a great job throughout. Owner John had some great ideas which we never thought of and went with in the end. Has some great useful experience. I would honestly recommend them.

John and his whole team worked tirelessly to complete quite a large project for us.<P>It included a very long driveway, front garden and back garden paths along with side fence.<P>The weather was against them all the way, but the job was expertly and professionally handled.<P>Hard working people who care about the finished job and make sure all rubbish is removed and areas tidied up.<P>We are very happy with the work. Thanks!
