Removal of an old broken external door and fitting of a new one. 10 / 10

Martin was extremely helpful from start to finish, coming out to measure the door very promptly and updating me on how long manufacture would be. Within days of the door being made he was here and had it fitted to a very high standard. He responded to all communication straight away and was very polite and friendly whilst here fitting the door. Would definitely recommend.

Remove a large window and knock out lower brick work to fit large patio doors 10 / 10

Martin was great from start to finish. Job was quoted with a 3-4 week time frame for start. Job was started 2.5 weeks and was completed in 2 days as we were told on ordering. Patio doors look great, all plastering and edging looks very smart. Martin even went out of his way to lay the extra flooring. All in all, great service and would definitely use again.

Supply and fit composite door. 10 / 10

Needed a new for some time. Was really draughty. Really happy with the improvement. Quality door.
